LOUISVILLE, Aug. 6 .- Unofficial but definite returns from about fifty counties show a falling off of about one third in the aggregate vote, but about the usual Democratic major-ity. The Republicans have made legislative gains, but the General Assembly that two years ago was 114 Democratic on joint ballot continues Democratic over 100. Blackburn's majority for Governor is variously estimated at from twenty to forty thousand.

This Sarsaparilla is a combination of vegetable alteratives - Stillingia, Mandrake, Yellow Dock - with the Iodides of Potassium and Iron, and is the most efficacious medicine yet known for the diseases it is intended to cure. Its ingredients are so skilfully com-

bir ad, that the full alterative effect of each is assured, and while it is so mild as to be harmless even to children, it is still so effectual as to purge out from the system those impurities and corruptions which develop into loathsome disease. The reputation it enjoys is derived from its cures, and the confidence which prominent physicians all over the country repose in it, prove their experience

of its usefulness. Certificates attesting its virtues have accumulated, and are constantly being received, and as many of these cases are publicly known, they furnish convincing evidence of the superiority of this Sarsaparilla over every other alterative darkener, medicine. So generally is its superi-ority to any other medicine known, that
